Your AccessRide paratransit certification has expired or will expire this year. It is required that all AccessRide customers submit an application for recertification every three years or whenever the certification expires (i.e., temporary disability status). In order to avoid service interruption, a complete Recertification Application, including Section 2 (Professional Certification form) must be submitted within 30 days of your expiration date. Incomplete applications will be returned. An in-person assessment would not be required unless your medical condition has changed.

The Recertification Application is also available in other formats upon request (large print, Braille, audio tape, etc.). The application must be filled out in English and typed or printed clearly.

**Instructions on how to complete your Recertification Application**

1. You may fill-out this application yourself or get help from anyone familiar with you and your condition. When completing this application, please keep in mind, the more detailed information you can provide the better you will enable MTA to make the most appropriate determination regarding your transportation needs. If you have questions or need assistance in completing this application, please call AccessRide at (615) 880-3970.

2. You will need to have section 2 (Professional Certification) completed by a health care professional to provide verification of your disability and its effect on your ability to use MTA’s regular bus system. Some examples of health care professionals that can certify your application include:

   Clinical Social Worker, Independent Living Specialist, Occupational Therapist, Physiatrist, Physical Therapist, Rehabilitation Specialist, Audiologist, Ophthalmologist, Physician, Psychologist, Registered Nurse or Mobility Specialist/Instructor, etc.

3. Once the application is complete, including the Professional Certification, you can fax the application to MTA’s AccessRide Eligibility Department at 615-880-3294 or mail the application to:

   **Nashville Metropolitan Transit Authority**  
   **AccessRide Eligibility Department**  
   **430 Myatt Drive**  
   **Nashville, TN 37115**
4. Your application will be reviewed and an eligibility determination will be made within twenty-one (21) days of receipt of a complete application, an in-person interview and a functional assessment, if needed. You will receive a letter as to whether or not you are eligible to continue service. This review will be based on your ability to use regular bus service. The reviewer may request additional information from you or your health care professional. Please note that verification from a licensed health care professional does not automatically qualify you for AccessRide service. Based on your in-person assessment, you may be found:
   
   o Eligible for all your travel needs within the service area on AccessRide, (full eligibility)
   o Eligible for some trips on AccessRide (conditional eligibility) depending on the nature of your Disability
   o Not eligible for Paratransit.

5. If you are found ineligible for AccessRide services and you disagree with the determination, you may appeal the decision. Information on the appeals process will be sent to you with your eligibility determination letter.

PROFESSIONAL CERTIFICATION

The applicant who has asked you to review the information on the application and to sign this form is applying for eligibility for the Metropolitan Transit Authority’s AccessRide service. Please read the following information carefully since it may affect your response.

Who qualifies for AccessRide?

AccessRide service is designed to serve only those persons whose severity of disability prevents them from using public transportation. Under the Americans with Disabilities Act (ADA), disability alone does not qualify a person to ride AccessRide. A person must be FUNCTIONALLY unable to use regular MTA service. Service is provided to the following three general groups of persons with disabilities:

1. Persons who have specific impairment-related conditions that PREVENT use of regular transit service – not just make it difficult to travel to or from the bus stop.
2. Persons who need a wheelchair lift and a wheelchair lift-equipped bus is not available on the route when they need to travel.
3. Persons who are unable to board, ride or exit from regular MTA buses, even if they are able to get to a bus stop and the bus is equipped with a wheelchair lift.

What is AccessRide?

The Metropolitan Transit Authority AccessRide program is a publicly funded Paratransit service, which operates specialized accessible vans for persons with disabilities who are unable to use regular fixed-route buses. Other vehicles such as a taxi also may be used when AccessRide vans are not available. AccessRide is a shared-ride door-to-door Paratransit service operating within Davidson County in conjunction with service times of fixed-route buses.

Please review the medical information provided in the application, fill out the certification as appropriate and sign the document. The information you provide will help us to serve ONLY those who most need AccessRide.
