**New Business**

Patricia Valladares, Vice Chair sent out an email to the committee regarding an Amendment change.

“On September 6<sup>th</sup> the Executive Committee met with the purpose to discuss recommendation from last APAC meeting by Tricia Griggs, to increase the number of

APAC members, in order to ensure broad representation of people with various disabilities.

Discussed:

Background- The most recent review of bylaws revision began in September 2012 and culminated in the revisions being accepted as of July 2015. During the September 2012 meeting, Committee size was discussed as there was an issue of having enough people at the meetings to make the quorum. Paul Ford had recommended decreasing the Committee size from 40 to 12 minimum and 18 maximum.

Currently, there are 15 members of the Committee, which includes the resignation of Nancy Lyles. There are a couple of nominations in the works.

We have had more representation from various members than in the past, recognizing that MTA is working to improve services, and this may account for increased participation.

It was discussed for the need to have representatives from the deaf, autism and epilepsy communities as well, and someone from Metro Schools. In the past, there have been representatives from these groups/organizations.”

Dan Dillon, Chair of the Nomiating Committee asked if there was anyone that was interested in becoming a member to please let him know.

The Executive Committee would like to recommend to increase the Committee members from 12 to 18 members to 24 members.

Patricia Valladares motioned, Sheri seconded and the motion was passed.

**Adjournment**

The meeting was adjourned at 2:05 p.m. by Patricia Valadares, Vice Chair. The next general meeting will be at 1:00 p.m. on January 25, 2017, at Music City Central, 400 Charlotte Avenue, Nashville, TN 37219.
