

# The excitement is building

*Imagine being able to comfortably wait for a bus while accessing Wifi, viewing cultural exhibits or perhaps interacting in open flexible areas.*

The North Nashville Transit Center will not only enhance the waiting experience, but also improve access and connections across the city, including Trinity Lane. This, in turn, will promote economic growth, job creation and equitable access to transit.

If you have not already, please complete the survey.

We want to hear what is important to you. Please visit [wegotransit.com](http://wegotransit.com).

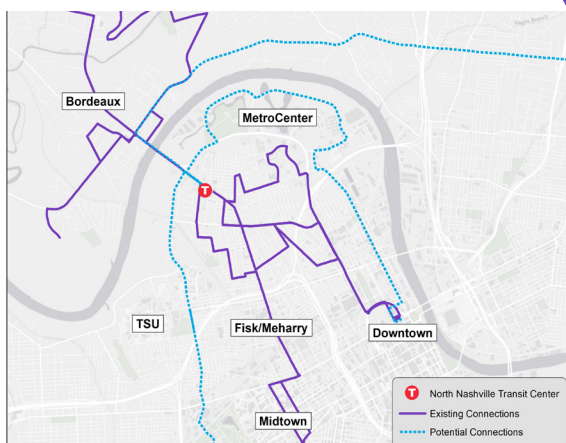

## The North Nashville Transit Center
